Kwik Klamp Closed

Kwik Klamp Open

This tool has been used worldwide by environmental drillers, pump installers, well servicers, and water well drillers.

Features:

- All steel construction but light weight-only 14 lbs.
- Easy to operate, over center locking of jaws when downward pressure is applied to lever.
- KWIK KLAMP allows workers to bring pipe joint up to an easy working level.
- Equipped with serrated and hardened replaceable jaws.
- Excellent holding capability with load tests over 3000 lbs.
- Designed to hold pipe sizes 1" - 2" (1.315"OD-2.375"OD) PVC, stainless, & galvanized.
(not intended for bare steel drill rod)
- Safety pin to prevent accidental unclamping.

Kwik Klamp 1 holding 2" stainless steel pipe on 8" casing.
The wide klamp base fits on many casing sizes.

Easy one hand operation.
Size adjustment and tension bolt located inside of front jaw protected from dirt and water.
